

COLOMBIA VOYAGE
AGENCIA DE TURISMO

About Us

We are **two brothers**, native from **Italy**, with over **10 years of experience** in the Italian tourism industry. We've always had a dream: share our passion for art and history with visitors traveling to Italy, by offering them exclusive and memorable tour services. After many years of hard work and satisfied customers, **we decided to follow our colombian roots** and moved to the beautiful city of **Cartagena**. We traded the cobbled streets of Rome, for the vibrant landscapes of Colombia to pursue a dream: to create a unique tour operator that blends Italian hospitality with the rich cultural and natural diversity of Colombia. We were immediately captivated by Colombia's transformation and untapped potential as a top-tier travel destination. Thanks to the **amazing partnerships** and **strong network** we managed to build, we established **Colombia Voyage**, an online tour operator firm whose mission is to **offer exclusive experiences, tailor-made tours and VIP concierge service at competitive rates.**

Luxury and Tailor-Made Experiences

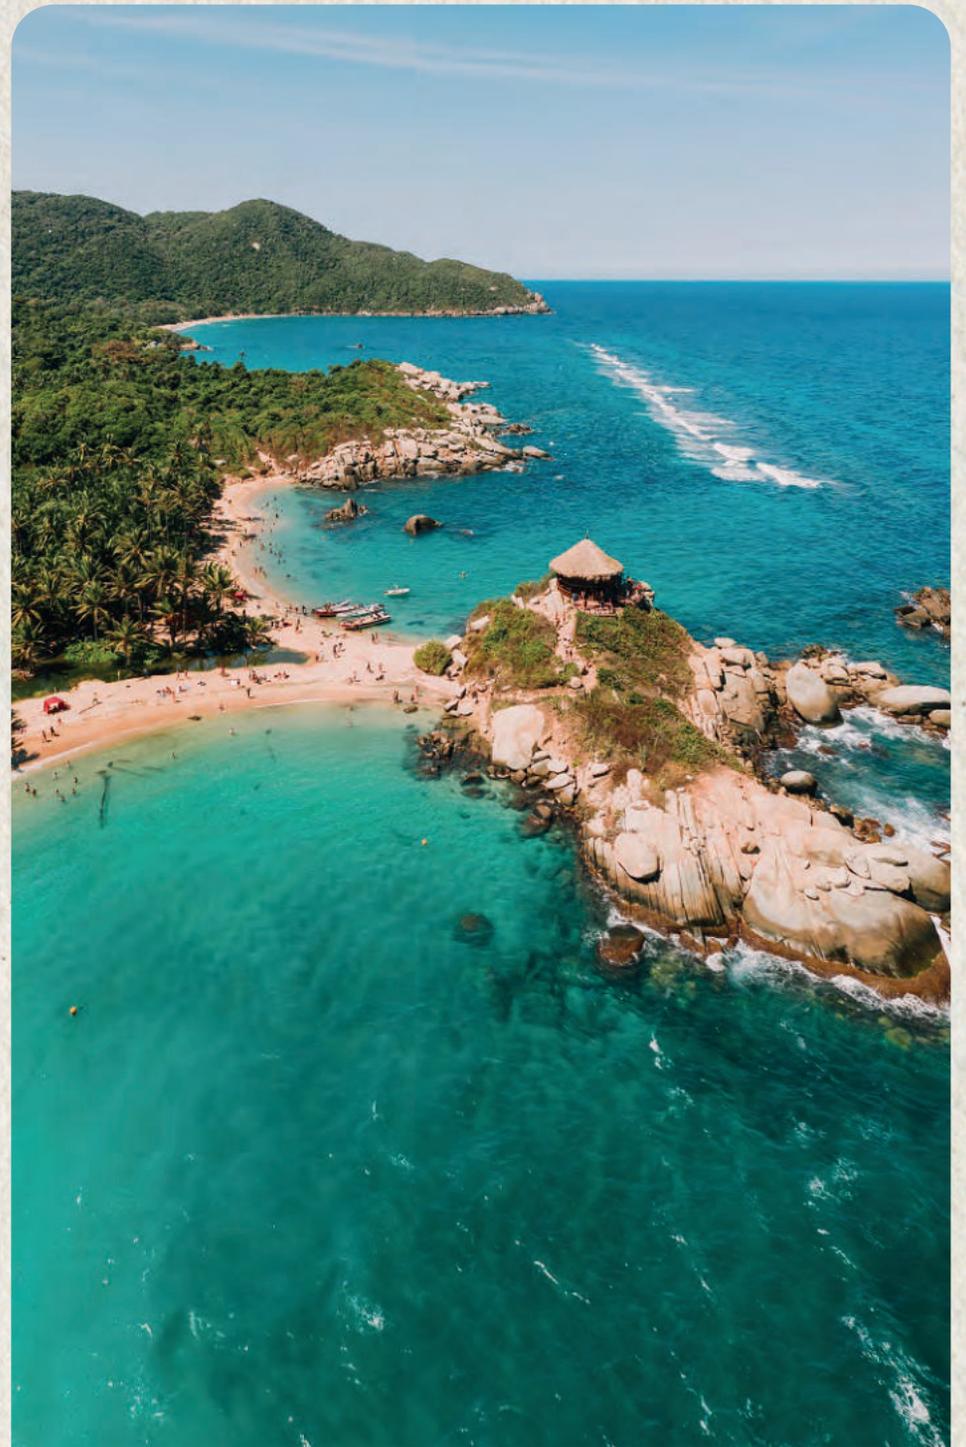

Our leisure clients come in all shapes and sizes. Some are used to luxury in their daily lives; others save up for a special holiday. No matter their background, for them, the experiences are always tailor-made. Colombia Voyage's motto is originality and exclusivity. Like meticulous tailors, we sew every single tour experience to be custom-made: cultural activities, food tours, relaxation or adventure, these are our best categories. From a relaxing Rosario islands tour on a private yacht to a thrilling bird watching experience on the Sierra Nevada region. Nothing is impossible for us. Just ask.

Off the Beaten Path Experiences

We provide several tour experiences to reveal not only Colombia's most renowned highlights but also its hidden and off the beaten path angles, such as:

- ✦ **Santa Cruz de Mompox (Bolívar):** A beautiful 2-day trip to visit the well-preserved colonial town, located on an island in the Magdalena River. It has a timeless, 'sleeping beauty' atmosphere and is known for its intricate filigree jewelry.
- ✦ **Ciénaga Grande Indigenous villages:** Day trip to visit the largest lagoon area in Colombia and one of the major ones in South America and considered one of the most strategic and vitally important water mirrors of the planet, therefore declared a Biosphere reserve by UNESCO.
- ✦ **Bird Watching in Minca:** With about 1903 species, Colombia is the number one country in bird diversity in the world. Colombia is a paradise for birdwatchers with innumerable options from the cloud forest and paramos of the Andes to the Sierra Nevada region.
- ✦ **Visit Coffee Farms in Salento:** Coffee farms show tourists a real-life story and traditions, deeply rooted in the culture of the area. They teach the entire coffee process while visitors can observe and interact with the daily lives of coffee farmers in the Colombian countryside.

Adventurous Activities & Excursions

Colombia offers an incredible range of adventurous tours and activities due to its diverse geography, which includes Andes mountains, Amazon rainforest, Caribbean and Pacific coasts, and deserts.

Here are some of the most popular adventurous tours we offer:

- ✿ **Lost City Trek (Ciudad Perdida):** A challenging 4-5 day hike through dense jungle and indigenous territories in the Sierra Nevada de Santa Marta to ancient ruins older than Machu Picchu.
- ✿ **Scuba Diving & Snorkeling:** Excellent visibility and marine life around San Andrés and Providencia islands (part of a UNESCO Biosphere Reserve), Islas del Rosario near Cartagena, and near Taganga/Santa Marta.
- ✿ **Tatacoa Desert (South-Central Colombia):** Exploring the striking red (Cuzco) and grey (Los Hoyos) desert landscapes, often by mototaxi or hiking. The tour includes a refreshing swim in a spring-fed desert pool and a visit to the astronomical observatory for incredible stargazing, as the location is one of the best for astronomy near the equator.
- ✿ **La Guajira Peninsula:** 4x4 tours through the stunning desert landscapes that meet the Caribbean Sea, including visiting Punta Gallinas (the northernmost point of South America) and immersing in Wayuu indigenous culture.
